TAYLOR UNIVERSITY

Advanced Placement (AP)

POLICIES

Credit is granted as specified below:

- Grades are not given for credit earned by examination, nor are the credits figured in the Taylor grade point average.
- Credits earned through examination will be entered on the student's permanent record after official enrollment and upon completion of application and testing. Students not desiring credit must request that the credit be waived.
- Credits earned may be used to satisfy general education or academic program requirements or elective credit.
- Approved credits may be used to meet prerequisites for advanced courses.
- Unsuccessful attempts to earn credit by examination will not be recorded. No recording fee is charged for unsuccessful attempts.
- Students are charged a \$20 per credit hour fee for awarding and recording credit, in addition to any required examination fee(s).

The College Board Advanced Placement Program (AP) is designed to test the knowledge of secondary school students who have taken college-level courses in high school. The tests are offered at participating schools in May of each year. Students must request that a copy of the AP grade report be sent to Taylor University (1802).

Taylor offers college credit according to specific criteria. Students who meet Taylor's standards in the following examinations are eligible for credit: Biology, Calculus, Chemistry, Computer Science, Macro and Micro Economics, Environmental Science, European History, Physics, Political Science, Psychology, Sociology, Statistics, U.S. History, and World History. For the following examinations, unconditional credit is granted for a score of 5, while a score of 4 qualifies a student to have their AP essay evaluated by our English/Modern Language faculty to determine whether credit is to be awarded: English Language/Comp and English Literature/Comp. Note: Essays must be requested from AP by September 15^{th.} AP destroys all essays in October of the year the AP test was taken. The deadline to submit these materials for students entering in the fall semester is October 15. For students entering at Interterm or spring semester the deadline is March 15. All requests must be made and all materials must be completed by these deadlines.

Requirements and equivalent Taylor courses are listed in the table on the reverse side of this page. For further information or assistance contact your high school or the AP program by phone at (888) CALL-4-AP (225-5427) or (609) 771-7300, by fax (609) 530-0482, or by email apexams@info.collegeboard.org.

Language Requirement – AP: Candidates for the Bachelor of Arts degree must demonstrate the equivalent of two years of sequential college-level study in one foreign language for graduation from Taylor University. Taylor offers language instruction in French, Spanish, New Testament Greek, and Old Testament Hebrew.

French and Spanish

Students who take and pass the AP exams in French or Spanish with a score of 4 will have met the language proficiency for the BA degree and may receive credit for 201 and 202. The fee for posting credit to the transcript should be paid at the time of notification. These exams must be taken prior to enrollment at Taylor.

Greek and Hebrew

New Testament Greek and Old Testament Hebrew are not administered by AP or CLEP exams.

Chinese, German, Italian, and Japanese

AP exams are offered in Chinese, German, Italian, and Japanese. Any student scoring a 4 for these languages will have met the language proficiency for the BA degree. No credits will be given for these languages. If a student scores below 4 and wishes to pursue one of these language options, the student must meet with the Modern Languages Department Chair. Any approved arrangement for meeting proficiency must be through a regionally accredited U.S. college or university and would not include transfer of credits from those institutions. Since AP is for high school students, these exams must be taken prior to enrollment at Taylor.

These policies are subject to change without notice.
