STEPS TO COMPLETE AFFIDAVIT OF SUPPORT

1. Indicate your Financial Status

Some international students have the ability to fully fund their education and are not seeking any financial assistance. Other international students do not have sufficient funding and need financial assistance in order to attend Taylor University. Students must complete the Affidavit of Support Form regardless of financial status as a part of the application process.

2. Complete and Upload the Form

In Section D, provide an overview of your financial situation. In Section E, note the type and amount of funds which you intend to use toward your educational expenses. Financial resources which will not be used toward your educational expenses, or amounts in excess of the projected expenses, should not be included in this table (see Section D).

3. Upload Corresponding Financial Documentation

Applicants must upload verifying documents for all funding sources.

Examples of reliable documentation of funding sources:

- Documentation of Annual Salary: Income statement, paystub, letter from employer, or annual income tax return, translated into English.
- Student’s Bank Statement(s): Recent bank statement(s) translated into English and in US dollars. If the translation is not an official translation provided by the bank, the translation should be notarized.
- If you have a sponsor or other funding source, such as a relative, government agency, outside scholarship, or a church stipend, please submit an affidavit of support letter signed by that sponsor— notarized and translated into English. Submit corresponding documentation of the sponsor’s source of contribution toward your expenses (income/bank statement).

All financial information will be kept confidential.
