Application Process

The application process at Taylor University is more than paperwork. Through this process, students are invited to join Taylor's intentional Christ-centered community, developing minds for relentless discovery and a vision for engaging the world.

Application Procedures and Review

Students may apply to Taylor University any time after the completion of their junior year of high school but should apply early in the academic year preceding their desired enrollment. Students may apply online at <https://www.taylor.edu/admissions/how-to-apply/>. Application materials may be requested by phone, via email at admissions_u@taylor.edu, or by writing the Office of Admissions, Taylor University, 1846 Main Street, Upland, IN 46989.

The application review is intended to evaluate the whole person in the process. We look to see first and foremost if a student has articulated having a personal relationship with Jesus Christ. We assess high school academic information to ensure a student is not being set up to fail in this rigorous collegiate academic environment. Each component of the application file is thoroughly reviewed by the admissions office prior to offer of enrollment.

Application Procedures and Review for Taylor University Online Students

Students are encouraged to apply as early as possible before the term of desired enrollment. To apply for admission, complete the online application located here: <https://www.taylor.edu/online/programs-licensures/online-associates-degree-application>. In addition to the application, applicants must provide an official (sealed) transcript(s) from any high school and college attended, and a Christian character reference. Submission of official ACT, CLT, or SAT scores is recommended but not required. Applications will not be reviewed until all materials are submitted. Students should be notified of a decision within one week of receiving all required items.

The application review is intended to evaluate the whole person in the process. Applications are assessed to determine if the student has articulated having a personal relationship with Jesus Christ and if the student's academic history indicates probable success in collegiate online courses. Each component of that application file is thoroughly reviewed.

For applicants considering TU Online, these programs are specifically designed for motivated, self-directed learners. Qualified applicants for TU Online possess:

- Motivation to independently work toward the completion of courses
- Ability to successfully engage in college-level coursework as demonstrated by transcribed credits
- Ability to become a self-directed learner
- Computer capabilities for involvement in electronic communication with other learners, faculty, and staff

Upon acceptance into a program, a student will work with an assigned advisor to determine a course schedule and to register for classes.

Decisions and Notification

The Admissions Office works to evaluate an application and send decision notification to a student within a month of receiving a completed application file. Based on the evaluation of the application, a student will receive one of three types of notifications:

Standard Notification of Acceptance offered to those found to be a good fit for the institution.

Provisional Acceptance for those who may be a good fit for the institution yet need some support to help ensure academic success.

Denial of Admission is possible if a student's success at Taylor is in question.

Details regarding decision making and notification may be obtained from the Executive Director of Admissions.

Provisional Acceptance

This admissions classification is for applicants who, because of unusual circumstances, do not meet the minimum academic standards for regular admission. Students admitted under this classification must earn a minimum GPA of 1.70 during the first year as a full-time student in order to remain at Taylor. Students accepted under this classification are given a prescribed schedule (less than 15 hours) and are assigned an advisor from the Academic Enrichment Center. Please contact the Admissions Office for additional information.

A new or readmitted student who cancels prior to May 1 will receive a full refund.
